Item description from the seller

MULTIPLE PURCHASES & COMBINED SHIPPING:

I am happy to combine shipping (where possible – some things can't ship together, such as a book and a non-book item) and offer any savings as a postage discount on the invoice of orders not yet paid (sometimes, like with certain postcard lots, multiple items can cost me more to ship together than individually).

If already paid, single orders with several lots will qualify for combined shipping whenever possible.

Please note that multiple separate orders are less likely to be processed with combined shipping, and if they are, will be subject to a small additional order handling fee for each extra order, which will be deducted from your postage refund. So if you think you are going to buy several items from this store, add them to your shopping cart and pay as **ONE** order when you are done. Then you will get the highest discount.

Sungai Malaysia 1940s-50s RPPPC Photo Postcard MALAY HOUSE SUNGEI PINANG PENANG

Mailed to USA 1954, but might be a bit earlier card. Good condition, with some corner wear/bumps, and the stamps have been steamed off by the original recipient.

The large scans below offer the best description of the condition of the postcards offered. I will try to describe any defects that might not be apparent on the large

scans I provide. Right-click the photos below in your computer browser to select "view image" in order to see a full-size image, and then bid with confidence.

A quick guide to the postcard grading standard we use: MINT: A perfect card just as it comes from the printing press. No marks, bends, or creases. No writing or postmarks. NEAR MINT (NM): Like mint but very light aging of very slight discoloration from being in an album for many years. Not as sharp or crisp. EXCELLENT (EX): Like mint in appearance with no bends or creases, or rounded or blunt corners. May be postally used or unused and with writing and postmark only on the address side. A clean, fresh card on the picture side. VERY GOOD (VG): Corners may be just a bit blunt or rounded. Almost undetectable crease or bend that does not detract from overall appearance of the picture side. May have writing or postally used on the address side. A very collectible card. GOOD (G): Corners may be noticeably blunt or rounded with noticeable slight bends or creases. May be postally used or have writing on address side. FAIR: Card is intact. Excess soil, stains, creases, writing, or cancellation may affect picture. POOR: Self-explanatory, sold as-is.

Orders over \$10 will require package service with delivery confirmation. Additional purchases will be combined if bought same day, for one low shipping rate, if you follow the directions. Sales Tax may apply. Please read and accept my terms of sale below before you bid.

IN YOUR COMPUTER BROWSER, RIGHT-CLICK ON A PHOTO AND SELECT "VIEW IMAGE" TO SEE THE ORIGINAL LARGE IMAGE:

You will find that the originals of the photos below are often larger than what ebay provides above.
